

RL9 Bath Lift

The RL9 Bath lift is specifically designed for use with the RG9 Victoria side-entry bathing system and the RJ15 Caribbean reservoir side-entry bathing system. Dependent to semi-dependant residents will experience seamless transfers from bed to bath in a comfortable and safe seated position. Caregivers will enjoy the RL9 Bath Lift for its ease of use and the improved quality of care they can provide the resident.

The heavy-duty steel powder coated frame provides both strength and durability, yet it is easy to maneuver due to the four high-quality twin castors. The armrests are designed for resident safety and are easily moved upward for transfers or access during bathing.

The Rane Bathing & Accessibility product line provides a unique combination of style, ease of use, comfort, and low cost of ownership.

- ✓ A "Best in Class" Warranty, resulting in low cost of ownership
- ✓ Nationwide Distribution and Customer Service

The RL9 Bath Lift was designed specifically for use with our RG9 Victoria Side-Entry Bathing System and our RJ15 Caribbean Reservoir Bathing System.

RL9 Bath Lift

Standard Features

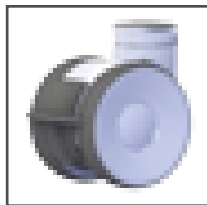

- Heavy-duty powder coated steel frame for strength and durability.
- Powerful and quiet lift actuator with anti-entrapment feature.
- Easy-to-use hand control with magnet.
- Rechargeable sealed lead-acid 24V battery with wall-mounted battery charger.
- Audio low-battery indicator and alarm.
- Emergency stop and lowering functions.
- Four sealed twin castors with locking mechanism for safety, stability, and easy movement.
- Polymer seat with perineal opening that is easy to clean and disinfect.
- Ergonomically designed handles for easy maneuverability.
- Armrests are designed for resident safety and are easily moved upward for transfers or access during bathing.
- Lap and shoulder harness for resident safety.
- Corrosion resistant stainless steel and polymer parts.
